Replenishment:	A full refill kit is available for this product. Please use code 0174/5/R.	
	To order further kits, refill sets or packs of individual items please contact us.	
Instructions for use:	It is important that a suitable and sufficient Risk Assessment is carried out on each incident and correct PPE is worn.	
	Depending on the nature of the spill a combination of the contents of the kit may be used.	
Compatibility:	The absorbents within this kit may be safely used with all liquids immiscible with water, such as hydrocarbons, solvents, mineral oils.	
	Water-repellency exceeds requirements of BS 7959-2:2000.	
	Before any use in a spill situation a proper risk assessment should be carried out and all hazardous properties of the liquid or dangerous reactions taken into account.	
Disposal:	Used sorbents may be disposed of by landfill or incineration, in accordance with local and national regulations, taking into account the classification of the liquid absorbed.	
Safety Data:	Further technical advice is available if required.	
Note:	All weights, dimensions, and other figures quoted are approximate.
